

# COVID-19 Infection Preventive Measures

Hiroshima Andersen is taking the following procedures to ensure that customers can fully enjoy our store.

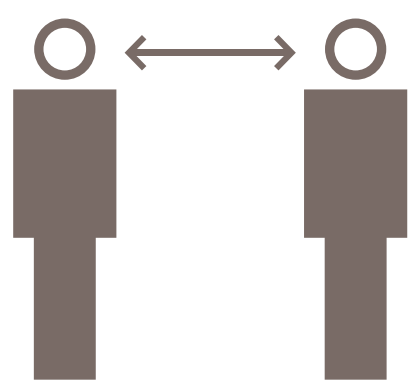

## Requests of cooperation to customers

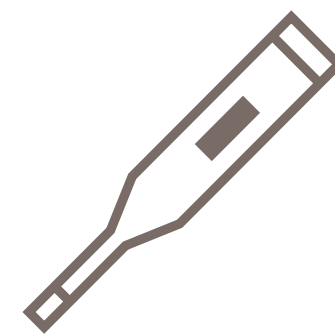

Please wear a mask while in the store.

We have provided alcohol disinfectant for customer use.

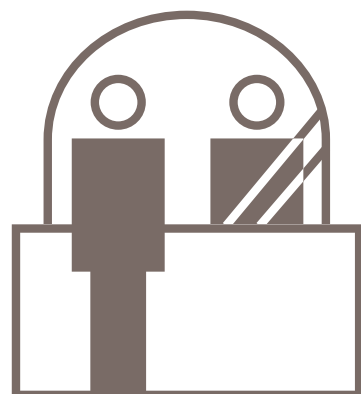

Floor markings have been provided to ensure social distancing when queueing up.

Please refrain from visiting the store if you feel unwell or are experiencing symptoms such as a fever.

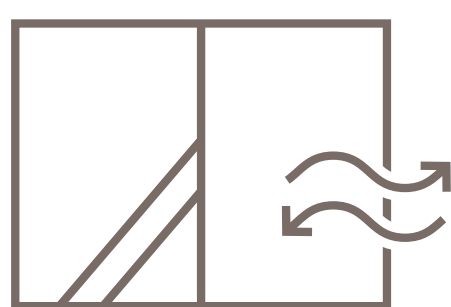

## Measures taken by the store and our employees

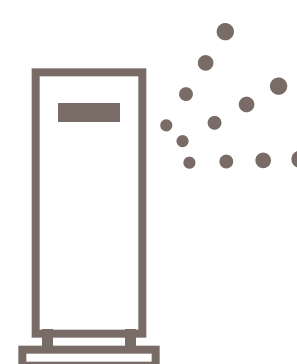

Acrylic panels are placed to prevent transmission of infectious droplets.

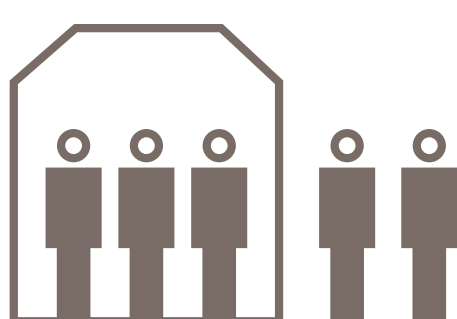

The facility is constantly being disinfected.

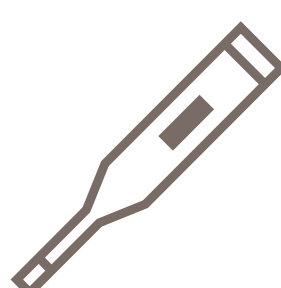

The building is constantly ventilated.

UV light air purifiers are installed inside of the building.

The number of people entering the store is limited to a fixed level in order to assure social distancing.

All employees are subject to thorough temperature checks.

All employees must wear masks at all times.
